

# Literacy Through Sport

Inspiring children to write  
by doing what they love!

We believe in every child lives a brilliant young author. Experience has taught us that sometimes it takes something special to bring out their potential. Working alongside Sporting Influence, who specialise in high quality PE programmes, we have developed a programme of highly engaging sessions which use Sport as a focus to motivate pupils.

## **Pobble**

Sessions aim to improve the enjoyment, confidence and attainment levels of the children. All work produced will be published on the Pobble website for the world to enjoy.

## **Sporting Influence**

Lessons are focused on improving behaviour and promoting healthy lifestyles. Pupils learn important life skills in a fun and energetic way, taking good habits back to the whole school environment.

This innovative and exciting programme was a joy to be involved in. The feedback from children has been universally positive.

There is a great deal to be learnt from watching the way in which the team engage and motivate the children in these sessions.
