

Wash Basket Ball

You Will Need:

How to play:

- Spread the 4 pieces of paper out on the floor.
 - Place the wash basket on one of the pieces of paper
 - Start the stopwatch.
 - Standing behind the throw line you must throw the socks into the basket.
 - If you get it in, you get a point + the number under the basket.
 - You must then move the basket to another number.
 - Retreat to the throw line and have another go.
 - Every time you throw you must relocate the wash basket.
 - How many points can you get in 2 minutes.
- (Someone should write your scores down, then you add them at the end).

Extention

Everytime you miss you lose a point.

Make it easier - Only move the wash basket once you score a point.

Make it harder - Use your hand to hit the socks in instead of throwing.
